(and Optional Electric or Gas Cooktop Combination)

**NOTE TO ELECTRICIAN:** The armored cable leads supplied with the appliance are UL-recognized for connection to larger gauge household wiring. The insulation of the leads is rated at temperatures much higher than temperature rating of household wiring. The current carrying capacity of the conductor is governed by the temperature rating of the insulation around the wire, rather than the wire gauge alone.

## Model and Serial Number Location

The serial plate is located along the interior side trim of the oven and visible when the door is opened.

When ordering parts for or making inquiries about your oven, always be sure to include the model and serial numbers and a lot number or letter from the serial plate on your oven.
