his passion for talking about the sport he loved was matched by an all encompassing knowledge gained through hours of painstaking research before every race In fact he s a throwback to another age who managed to survive and indeed prosper from the revolutions in motor racing In his book he writes about his childhood and the influence that his father British motorcycle champion Graham Walker had on his career Failing to match his father s achievements on the track he made a successful career for himself in advertising which catapulted him to the top of his profession An offer from the BBC to take over the commentary seat for their F1 broadcasts was manna from heaven for Walker and it wasn t long before the infamous Murrayisms enlivened a sport which until then had been shrouded in a cloak of unfathomable technical jargon and mind numbing statistics He also talks about the biggest changes in the sport over the last 50 years in particular the safety issues which came to the fore after the tragic death of Ayrton Senna His partnership with James Hunt behind the microphone is the subject of some hilarious anecdotes while his views on drivers such as Damon Hill Jacques Villeneuve Eddie Irvine and David Coulthard make for fascinating reading
