Het Oude Nederlandsindie Memoires Van Mr Ja Jonkman

Harry A. Poeze

Het Oude Nederlandsindie Memoires Van Mr Ja Jonkman:

Dutch Culture Overseas Frances Gouda, 2008 European colonial expansion led to Dutch notions of civilised society or the Dutch s community s flexible and relatively charitable attitudes toward others being scattered as in the Greek word diaspeirein to the four corners of the earth In some cases the exportation of Dutch cultural values to places overseas like North America endowed Dutchness with subtle new meanings But in colonial Indonesia Dutch political customs and traditions were transformed in the process of migrating to exotic locales In this book Frances Gouda examines the ways in which the Netherlands portrayed its unique colonial style to the outside world Why were citizens of a small and politically insignificant European nation able to represent as natural and normal their dominance over ancient civilizations on islands such as Java and Bali How did Dutch colonial residents explain the cultural differences between themselves and the supposedly primitive peoples of the Indonesian archipelago In trying to understand the gendering practices of colonial governance in the Netherlands East Indies Gouda also explores the interactions of Dutch and Indonesian women with European men FRANCES GOUDA earned a Ph D in history from the University of Washington in Seattle in 1980 She is currently professor of history and gender studies in the Political Science Department of the University of Amsterdam **H.J.**

Overzichten van Nederlandsch-Indië. Deel IV (1935-1941) Harry A. Poeze, 2023-11-27 De bundeling van Politiek Politioneele Ovezichten wordt in dit vierde en laatste deel voortgezet met de overzichten van de jaren 1935 1941 De overzichten werden samengesteld door de Algemeene Recherche Dienst ressorterend onder de Procureur Generaal van het Hooggerechtshof van Nederlandsch Ind De zeer vertrouwelijke rapportage werd toegezonden aan een zeer beperkte groep van hoge bestuurders in Indi en Nederlandse diplomatieke vertegenwoordigers Maandelijks werd hierin een overzicht verschaft van de ontwikkelingen in de Indonesische politieke beweging de Indonesische vakbeweging onder de Chinese bevolkingsgroep en in het buitenland voorzover van belang geacht voor Nederlandsch Indi De overzichten vormen een unieke bron van informatie over het Indonesische nationalisme waarbij begrijpelijkerwijze de voor rust en orde gevaarlijk geachte organisaties veel aandacht krijgen In dit deel wordt het ontstaan gedocumenteerd van de belangrijke partijen Parindra en Gerindo die niet meer principieel samenwerking met de koloniale overheid afwezen Het altijd gekoesterde eenheidsstreven kreeg eindelijk succesvolle uitwerking bij politieke partijen bij Islamietische organisaties bij jeugd en vakbeweging Tezelfdertijd nam het belang van de Volksraad toe vooral als forum waarin na de Duitse bezetting van Nederland de

groeïende desillusie tot uiting kwam van de Indonesische nationalistes over de Nederlandse onwil politieke concessies te doen In een uitvoerige inleiding worden de gebeurtenissen en ontwikkelingen in de jaren 1935 1942 in samenhangende zin beschreven Drie uitvoerige registers en vele kaarten ontsluiten de tekst **Toward a Glorious Indonesia** Paul W. Massier, 2008-01-01 In the literature on Indonesian legal history the role of language has been paid scant attention Even the replacement of Dutch by Indonesian as the official language of the law surely a major event for the work of Indonesian jurists has not been closely examined Yet since the early 1970s legal usage and terminology have been the topic of a steady stream of highly critical publications by linguists and remarkably by jurists as well Their criticism is focused on the heterogeneity of law language and terminology and the deviation of legal usage from the official standard language Government measures language courses law dictionaries have not allayed this criticism This study exposes two fundamental defects in the government measures and in the criticism itself Firstly they are grounded in an instrumental approach to language an approach that sees language as a mere tool of the jurist and as secondary in importance to the conceptual world that is considered law's core business Secondly they greatly underestimate the impact of the declining knowledge of Dutch upon the development of Indonesian law language Massier argues that the law must be viewed as inextricably bound up with the language in which it is formulated Consequently legal training and practice are examined in this study in terms of language behaviour and conventions of learning writing and speaking the languages of the law The voice of the law in transition provides a language history of Indonesian law and its practitioners Tan Malaka: strijder voor Indonesië's vrijheid Harry A.
