

TIPS FOR MAKING A TOUGH DECISION

Ask yourself questions:

What information do I have to make a good decision?
What has to be decided now, and what can wait until later?

Shift your perspective:

What would you tell someone that you love if they were faced with this choice?

Take a step back: What can you control in this situation, and what can't you control? Are you trying to change something that you don't have a say in?
How can your decision making be different when you only focus on what you can control?

Be flexible: Not everything has to be black or white, all or nothing.

Look for alternatives: So often, we don't see another choice. Feeling stuck can be so stressful.

Get creative, what options have you not yet considered or don't know are available yet? Who can you ask?

Stay Positive: Believe in yourself! Trust that you can make the right decisions, and give yourself the love and compassion that you deserve. We all make mistakes and have regrets, that's part of being human! Take each choice as an opportunity to learn and grow.

Don't be afraid of fear: Your brain is just telling you that you are experiencing something new or uncomfortable. This doesn't mean you've made a "bad" choice.
