Identity And Violence The Illusion Of Destiny Issues Of Our Time:

Identity and Violence Amartya Sen, 2007-01-30 The violence of illusion Making sense of identity Civilizational confinement Religious affiliations and Muslim history West and anti west Culture and captivity Globalization and voice Multiculturalism and freedom Freedom to think *Identity and Violence* Amartya Sen, 2013-09-19 One of the few world intellectuals on whom we may rely to make sense out of our existential confusion Nadine Gordimer In this sweeping philosophical work Amartya Sen proposes that the murderous violence that has riven our society is driven as much by confusion as by inescapable hatred Challenging the reductionist division of people by race religion and class Sen presents an inspiring vision of a world that can be made to move toward peace as firmly as it has spiraled in recent years toward brutality and war *Leadership in a Globalized World* Frannie Léautier, 2014-10-07 This book investigates key issues facing leaders in increasingly complex decision making environments as a result of globalization It presents a synthesis and interpretation of academic research in multiple disciplines and integrates it into a practical approach that is readily useable by leaders in government corporations and civil society **Mobilising the Diaspora** Alexander Betts, Will Jones, 2016-11-17 Over half the world lives under authoritarian regimes For these people the opportunity to engage in politics moves outside the state s territory Mobilising across borders diasporas emerge to challenge such governments This book offers an in depth examination of the internal politics of transnational mobilisation Studying Rwandan and Zimbabwean exiles it exposes the power interests and unexpected agendas behind mobilisation revealing the surprising and ambivalent role played by outsiders Far from being passive victims waiting for humanitarian assistance refugees engage actively in political struggle From Rwandans resisting their repatriation to Zimbabweans preventing arms shipments political exiles have diverse aims and tactics Conversely the governments they face also deploy a range of transnational strategies and those that purport to help them often do so with hidden agendas This shifting political landscape reveals the centrality of transnationalism within global politics the historical and political contingency of diasporas and the precarious agency of refugees **The Herods** Bruce Chilton, 2021-08-03 Until his death in 4 BCE Herod the Great s monarchy included territories that once made up the kingdoms of Judah and Israel Although he ruled over a rich strategically crucial land his royal title did not derive from heredity His family came from the people of Idumea ancient antagonists of the Israelites Yet Herod did not rule as an outsider but from a family committed to Judaism going back to his grandfather and father They had served the priestly dynasty of the Maccabees that had subjected Idumea to their rule including the Maccabean version of what loyalty to the Torah required Herod s father Antipater rose not only to manage affairs on behalf of his priestly masters but to become a pivotal military leader He inaugurated a new alignment of power an alliance with Rome negotiated with Pompey and Julius Caesar In the crucible of civil war among Romans as the Triumvirate broke up and of war between Rome and Parthia Antipater managed to leave his sons with the prospect of a dynasty Herod inherited the twin pillars of loyalty to Judaism and

loyalty to Rome that became the basis of Herodian rule. He elevated Antipater's opportunism to a political art. During Herod's time, Roman power took its imperial form, and Octavian was responsible for making Herod king of Judea. As Octavian ruled, he took the title Augustus in keeping with his devotion to his adoptive father's cult of the divine Julius. Imperial power was a theocratic assertion as well as a dominant military, economic, and political force. Herod framed a version of theocratic ambition all his own, deliberately crafting a dynastic claim grounded in Roman might and Israelite theocracy. That unlikely hybrid was the key to the Herodians' surprising longevity in power during the most chaotic century in the political history of Judaism.

The Kyoto Manifesto for Global Economics Stomu Yamash'ta, Tadashi Yagi, Stephen Hill, 2018-02-19. This book confronts the failings of current global economics to deliver the equity, sustainability, and community empowerment which humanity now needs to handle a troubled future. The volume proposes an economy built from our society, not the other way around. The Kyoto Manifesto was built layer by layer over a period of 4 years based on broad-ranging international symposia held in Kyoto between 2014 and 2017, hosted by the Center for the Creative Economy, Doshisha University. Not stopping at theory and untested ideas, however, the Manifesto proposes practical action that will make a difference, including in the problematic technological and ecological context of humanity's immediate and long-term future. The book is unique and innovative for it moves adventurously across very broad territory. The Manifesto draws from world philosophic arguments, including specifically a critique of liberalism, further exploring sociology, cultural anthropology, politics, primatology, and early humanity, even quantum physics. Argument is set within mainstream post-1972 economics and political economics, as well as direct practical experience working to empower disadvantaged communities through the United Nations. Most importantly, the book's analysis is deeply informed by the practice of searching for what is sacred, the ultimate essence of our humanity, what we can be as a human race empowered, fulfilled individuals, deeply sharing and caring for each other across our separate cultures and lives. Stomu Yamash'ta's On Zen performances set the context for the Symposia, bringing different religions and cultures together across their dividing boundaries into a coherent search for peace and harmony through sacred music. Informed by alternate cultural paradigms for economics, the book probes deeply into philosophies and practices that already exist within Eastern and Western societies and offer lessons for our future. The result is an economics that stresses harmony with nature and balance in social relations. It places an emphasis on community, human sharing, and trust as a platform for our future, not separate from the global economy but integrated into its very foundations. This is a book for all who care, a plan for our sustainable future built from the best of what our humanity is and can offer.

Political and Cultural Aspects of Greek Exoticism Panayis Panagiotopoulos, Dimitris P. Sotiropoulos, 2019-07-13 This book explores the new Greek exoticism by examining political and cultural mechanisms that contribute to Greece s image and self image construction The contributions shed light on the subject from different perspectives including political science history of ideas sociology cultural studies and art criticism In the first part the book provides a historical review with a focus on philhellenism perceptions of antiquity and modernity and the evolution of Greece as an idea The second part looks at the current Greek crisis and analyses ideological political and cultural aspects and stereotypes that contributed to the formation of contemporary Greek culture The third and final part discusses notions such as aestheticism idealism and pragmatism and deconstructs narrations of Greece through artistic media such as films and exhibitions which present a new oriental Utopia

Preemption Alan M. Dershowitz, 2013-12-16 A path breaking must read for government leaders strategists and all concerned Americans General Wesley K Clark In Preemption one of our nation s foremost legal scholars puts forward a controversial new theory on crime and punishment in the postmodern world Using the American government s 2003 invasion of Iraq as a starting point Alan M Dershowitz tracks our society s increasing reliance on preemptive action In Preemption which Judge Richard Posner of the U S Court of Appeals calls lucid sober courageous and historically informed Dershowitz has brought together all of his diverse and considerable talents and experiences to confront the idea of preemptive action as it applies to some of our most urgent political and moral dilemmas

Modern Liberty Charles Fried, 2011-02-07 An erudite sharp tongued libertarian eager to do battle with censors regulators and sanctimonious busybodies of every stripe New York Times In this impassioned defense of liberty renowned Harvard law professor Charles Fried argues that the seemingly unimpeachable goals of equality and community are often the most potent rivals of freedom Declared a spirited sophisticated manifesto by the New York Times Book Review Modern Liberty demonstrates how the dense tangle of government regulations both supports and threatens our personal liberties Armed with Fried s insights readers will be better able to defend themselves against those on both the left

and the right who would even with the best intentions restrict their liberty **More than Just Race** William Julius Wilson, 2010-03-22 A preeminent sociologist of race explains a groundbreaking new framework for understanding racial inequality challenging both conservative and liberal dogma In this timely and provocative contribution to the American discourse on race William Julius Wilson applies an exciting new analytic framework to three politically fraught social problems the persistence of the inner city ghetto the plight of low skilled black males and the fragmentation of the African American family Though the discussion of racial inequality is typically ideologically polarized Wilson dares to consider both institutional and cultural factors as causes of the persistence of racial inequality He reaches the controversial conclusion that while structural and cultural forces are inextricably linked public policy can only change the racial status quo by reforming the institutions that reinforce it *The Marketplace of Ideas* Louis Menand, 2010-12-06 Crisp and illuminating well worth reading Wall Street Journal The publication of *The Marketplace of Ideas* has precipitated a lively debate about the future of the American university system what makes it so hard for colleges to decide which subjects are required Why are so many academics against the concept of interdisciplinary studies From his position at the heart of academe Harvard professor Louis Menand thinks he's found the answer Despite the vast social changes and technological advancements that have revolutionized the society at large general principles of scholarly organization curriculum and philosophy have remained remarkably static Sparking a long overdue debate about the future of American education *The Marketplace of Ideas* argues that twenty first century professors and students are essentially trying to function in a nineteenth century system and that the resulting conflict threatens to overshadow the basic pursuit of knowledge and truth **An Introduction to Global Studies** Patricia J. Campbell, Aran MacKinnon, Christy R. Stevens, 2011-09-13 Taking an interdisciplinary approach *An Introduction to Global Studies* presents readers with a solid introduction to the complex interconnected forces and issues confronting today's globalized world Introduces readers to major theories key terms concepts and notable theorists Equips readers with the basic knowledge and conceptual tools necessary for thinking critically about the complex issues facing the global community Includes a variety of supplemental features to facilitate learning and enhance readers understanding of the material *Exploring Religion in Our Time (Penerbit USM)* Chandra Muzaffar, 2010 This book is an attempt to understand some of the most important issues that have emerged in the interface between religion and society in recent decades What is the role that religions such as Buddhism Christianity Hinduism Islam and Judaism play in the public sphere today How have governments established in the name of religion fared in matters pertaining to governance What are the forces responsible for the shift towards religion as the principal conduit for reform and protest in certain societies in Asia Is the religious worldview and are religious values relevant to the resolution of the major crises confronting humanity today from environmental degradation to the economic meltdown What sort of transformation will have to take place within religion itself if it is to serve as a spiritual moral compass in a world that is moving inexorably in the wrong direction These are some

of the questions that this book seeks to answer through both empirical analysis and theoretical reflections Universiti Sains Malaysia Penerbit Universiti Sains Malaysia

Terror in Our Time Ken Booth, Tim Dunne, 2011-10-17 Written by two leading scholars this book is an accessible overview of the global political consequences of the 9 11 terror attacks The War on Terror has defined the first decade of this century It has been marked by the deaths of thousands of people political turmoil massive destruction and intense fear Regardless of the name it goes under the long war on terror will continue to affect lives across the world Its catalyst 9 11 did not have to happen nor did the character of the responses This book offers a set of novel interpretations of how we got here where we are and where we should be heading It is organised around twelve penetrating and readable essays full of novel interpretations and succinct summaries of complex ideas and events In their examination of those aspects of global order touched by terror the authors argue that the dangers of international terrorism are not overblown Future 9 11s are possible so is a more just and law governed world Terrorism cannot be disinvented but with more intelligent policies than have been on show these past ten years it can be overcome and made politically anachronistic This book will be essential reading for all students of terrorism studies international security war and conflict studies and IR in general as well as of much interest to well informed lay readers

ATEE Spring Conference 2020-2021 Maria Ranieri, Laura Menichetti, Stefano Cuomo, Davide Parmigiani, Marta Pellegrini, 2021-10-18 This book collects some of the works presented at ATEE Florence Spring Conference 2020 2021 The Conference originally planned for May 2020 was forcefully postponed due to the dramatic insurgence of the pandemic Despite the difficulties in this period the Organising Committee decided anyway to keep it although online and more than one year later not to disperse the huge work of authors mainly teachers who had to face one of the hardest challenges in the last decades in a historic period where the promotion of social justice and equal opportunities through digital technologies and beyond is a key factor for democratic citizenship in our societies The Organising Committee the University of Florence and ATEE wish to warmly thank all the authors for their commitment and understanding which ensured the success of the Conference We hope this book could be not only a witness of these pandemic times but a hopeful sign for an equal and inclusive education in all countries
