Books and Bookmen ,1957 Augustine: On the Trinity Books 8-15 Saint Augustine (of Hippo),Agustín (Santo, Obispo de Hipona.),2002-07-04 An appropriate motto for Augustine s great work On the Trinity is faith in search of understanding In this treatise Augustine offers a part theological part philosophical account of how God might be understood in analogy to the human mind On the Trinity can be fairly described as the first modern philosophy of mind it is the first work in philosophy to recognize the problem of other minds and the first to offer the argument from analogy as a response to that problem Other subjects that it discusses include the nature of the mind and the nature of the body the doctrine of illumination and thinking as inner speech This volume presents the philosophical section of the work and in a historical and philosophical introduction Gareth Matthews places Augustine s arguments in context and assesses their influence on later thinkers *The Rule of Saint Augustine* Augustine,1986-02-21 The oldest monastic Rule in the West A giant of the faith St Augustine is well known as the restless searcher for truth His life and the Rule he formulated have had enduring influence on the Christian ideal of the religious life This is a new modern English translation of the Rule from the original critical Latin text An extensive Commentary elucidates its meaning and its relevance to those who follow or study it today Augustine s concise spiritual directions based heavily on the Scriptures cover such subjects as prayer love and community mutual responsibility service authority and obedience He outlines the basics for exercising genuine love the goal of all things indeed life itself This brief but classic guide is as inspiring and applicable to the twentieth century as it was to Augustine s early followers It clearly reflects his own vision and spiritual depth As Van Bavel observes in his Introduction We could characterize the Rule of Augustine as a call to the evangelical equality of all people It voices the Christian demand to bring all men and women into full community The Rule of St Augustine is indeed a Rule for all Christians religious and laity alike **The Augustine Catechism** Saint Augustine (of Hippo),1999 Written as a favor for a friend this little work of Saint Augustine is a wonderful explanation of the Christian faith a true catechism From it other catechisms throughout the history of the Church have sprung up including the recent Catechism of the Catholic Church which quotes Augustine extensively Back cover

Enchiridion Saint Augustine,2012-11-01 Written by St Augustine late in his life with the intention of supplying the Roamn layman with a comprehensive exposition of the basic teachings of Christianity **Trilogy on Faith and Happiness** Saint Augustine (of Hippo),2010-12-30 Augustine of Hippo one of the most prolific writers of late antiquity known primarily for four masterpieces The Confessions Teaching Christianity The City of God and The Trinity composed a vast body of work comprised of more than five million words He composed his earliest works in the form of dialogues shortly before his baptism

in 387 The next decade of his life a relatively unproductive transitional period was followed by an explosion that averaged in modern terms a 300 page book per year This early trilogy *The Happy Life The Advantage of Believing and Faith in the Unseen* demonstrates Augustine's fundamental concern to link Christian faith with the human quest for happiness These three essential works which illustrate his dictum that faith is necessary for understanding constitute a magnificent introduction to Augustinian spirituality *Trilogy on Faith and Happiness* reveals Augustine's insight into fundamental existential questions and his conviction that human fulfillment can be found only in the incarnation of Jesus the Word and Wisdom of God It will prove especially useful for spiritual reading and for students of Christian spirituality *Spiritual Journey* Augustin ((saint ;), Michele Pellegrino, John E. keen intellect rhetorical skill and passionate faith reshaped the theological language and dogmatic debates of early Christianity He explores the stormy religious arguments and political upheavals of the fifth century Augustine s controversial teachings on predestination sexuality and marriage and the deep undercurrents of Augustine s spiritual quest that still inspire Christians today Concerning Faith of Things Not Seen Saint Augustine, Saint Augustine of Hippo, 2015-06-07

Augustine the man with upturned eye with pen in the left hand and a burning heart in the right as he is usually represented is a philosophical and theological genius of the first order towering like a pyramid above his age and looking down commandingly upon succeeding centuries He had a mind uncommonly fertile and deep bold and soaring and with it what is better a heart full of Christian love and humility He stands of right by the side of the greatest philosophers of antiquity and of modern times We meet him alike on the broad highways and the narrow footpaths on the giddy Alpine heights and in the awful depths of speculation wherever philosophical thinkers before him or after him have trod As a theologian he is facile princeps at least surpassed by no church father schoolman or reformer With royal munificence he scattered ideas in passing which have set in mighty motion other lands and later times He combined the creative power of Tertullian with the churchly spirit of Cyprian the speculative intellect of the Greek church with the practical tact of the Latin He was a Christian philosopher and a philosophical theologian to the full
