Image, Text, and Religious Reform in Fifteenth-Century England Shannon Gayk, 2010-09-30 Focusing on the period between the Wycliffite critique of images and Reformation iconoclasm Shannon Gayk investigates the sometimes complementary and sometimes fraught relationship between vernacular devotional writing and the religious image She examines how a set of fifteenth century writers including Lollard authors John Lydgate Thomas Hoccleve John Capgrave and Reginald Pecock translated complex clerical debates about the pedagogical and spiritual efficacy of images and texts into vernacular settings and literary forms These authors found vernacular discourse to be a powerful medium for explaining and reforming contemporary understandings of visual experience In its survey of the function of literary images and imagination the epistemology of vision the semiotics of idols and the authority of written texts this study reveals a fifteenth century that was as much an age of religious and literary exploration experimentation and reform as it was an age of regulation

W.J.T. Mitchell's Image Theory Krešimir Purgar, 2016-11-25 W J T Mitchell one of the founders of visual studies has been at the forefront of many disciplines such as iconology art history and media studies His concept of the pictorial turn is known worldwide for having set new philosophical paradigms in dealing with our vernacular visual world This book will help both students and seasoned scholars to understand key terms in visual studies pictorial turn metapictures literary iconology image text biopictures or living pictures among many others while systematically presenting the work of Mitchell as one of the discipline s founders and most prominent figures As a special feature the book includes three comprehensive authoritative and theoretically relevant interviews with Mitchell that focus on different stages of development of visual studies and critical iconology

Political Graffiti and Global Human Rights Philip Hopper, Evan Renfro, 2023-10-16
Political Graffiti and Global Human Rights Take Another Look examines the role of political graffiti in the public spaces of Northern Ireland and occupied Palestine highlighting the ways in which oppressed communities utilize this form of expression to convey resistance foster community support preserve the memory of armed struggle and assert their presence By drawing a comparative analysis between Northern Ireland and Palestine Philip Hopper and Evan Renfro argue that while the peace process has made progress in Northern Ireland it has not been successful in Palestine They assert that the disparities in political graffiti between the two regions are not solely attributable to geographical historical and political

differences but also to the varying degrees of success in resolving long standing conflicts and the communities ability to remember or forget past atrocities In addition to exploring the themes symbols inspirations and artists behind wall art this book delves into the evolution of the meaning of political graffiti over time and critically examines the notion of who holds the privilege of creating politically themed art deemed to be in good taste **Law and the Image** Costas Douzinas, Lynda Nead, 1999-08 Discussing the diverse relationships between law and the artistic image this book includes coverage of the history of the relationship between art and law and the ways in which the visual is made subject to the force of the law

What is Protestant Art? Andrew T. Coates, 2018-06-12 What is Protestant Art presents an introduction to Protestant visual culture from the Reformation to the present Examining historical images as evidence of changing practices and attitudes Andrew T Coates explores three major themes in the history of Protestant visual culture 1 the religious work of images 2 the relationship between word and image 3 the power of the Bible and its visual representation The book analyses images such as prints paintings maps of the Holy Land and Bible illustrations to demonstrate the broad range of images that could be classified as Protestant art This work argues that the variety of images and visual practices throughout Protestant history might better be described by the term visual culture than art Handbook of Comics and Graphic Narratives Sebastian Domsch, Dan Hassler-Forest, Dirk Vanderbeke, 2021-07-05 Whether one describes them as sequential art graphic narratives or graphic novels comics have become a vital part of contemporary culture Their range of expression contains a tremendous variety of forms genres and modes from high to low from serial entertainment for children to complex works of art This has led to a growing interest in comics as a field of scholarly analysis as comics studies has established itself as a major branch of criticism This handbook combines a systematic survey of theories and concepts developed in the field alongside an overview of the most important contexts and themes and a wealth of close readings of seminal works and authors It will prove to be an indispensable handbook for a large readership ranging from researchers and instructors to students and anyone else with a general interest in this fascinating medium Anais Nin Suzanne Nalbantian, 1997-07-13 This book of essays is the first to probe Anais Nin s achievements as a literary artist With an introduction by the editor Suzanne Nalbantian the collection examines the literary strategies of Nin in their psychoanalytical and stylistic dimensions Various contributors scrutinize Nin s artistry identifying her unique modernist techniques and her poetic vision Others observe the transfer of her psychoanalytical positions to narrative The volume also contains fresh views of Nin by her brother Joaquin Nin Culmell as well as innovative analyses of the reception of her works **Imaging Hoover Dam** Anthony F. Arrigo, 2014-10-15 The mighty Hoover Dam starting as a dream of land developers and farmers became the most ambitious civil engineering project of the Great Depression This landmark in the middle of the Mojave Desert holding back the largest man made lake in America also became like Mount Rushmore or the Empire State Building a visual and cultural icon The power and meanings of this icon came not through a single image but via myriad visual representations in government

propaganda advertising journalism and art Even before it was built these images were used to shape the public's perception of the project and frame the dam as the linchpin to an expanding American economic empire in the desert Southwest Anthony F Arrigo has researched a wide array of primary sources and archival materials to trace the project from its earliest representations in illustrations to the documentary photography of its construction and later depictions of the structure in commercial promotions fine art photography and paintings Analyzing Hoover Dam through the trajectory of imagery across several decades rather than the narrative of its construction illuminates the underlying cultural and ecological imperatives in the drive to build it including the influence of religious doctrine and the American agrarian movement Arrigo also discusses various portrayals of laborers women minority groups nature and technology in this imagery In time the visual icon of power and domination was commercialized to sell cars vacations and more Imaging Hoover Dam is an important work in both visual rhetoric and cultural studies It will also intrigue readers interested in such varied topics as the history of the American Southwest the Great Depression and the New Deal social and environmental issues and American popular culture

Reading Images and Seeing Words, 2021-11-01 The simultaneously tautological and oxymoronic nature of word image relations has become a subject of massive debate in the post modern period This is not only because of the increasing predominance of word image messages within our modern media saturated culture but also because intellectual disciplines are becoming increasingly sensitized to the essentially hybrid nature of the way we construct meaning in the world The essays in this volume offer an exemplary insight into both aspects of this phenomenon Focussing on both traditional and modern media theatre fiction poetry graphic art cinema the essays of Reading Images and Seeing Words are deeply concerned to show how it is according to signifying codes rhetoric poetics metaphor that meaning and knowledge are produced Not the least value of this collection is the insight it gives into the multiple models of word image interaction and the rich ambiguity of the tautological and oxymoronic relations they embody [Farewell to Visual Studies](#) James Elkins, Gustav Frank, Sunil Manghani, 2015-10-28 Each of the five volumes in the Stone Art Theory Institutes series brings together a range of scholars who are not always directly familiar with one another's work The outcome of each of these convergences is an extensive and unpredictable conversation on knotty and provocative issues about art This fifth and final volume in the series focuses on the identity nature and future of visual studies discussing critical questions about its history objects and methods The contributors question the canon of literature of visual studies and the place of visual studies with relation to theories of vision visibility epistemology politics and art history giving voice to a variety of inter and transdisciplinary perspectives Rather than dismissing visual studies as its provocative title might suggest this volume aims to engage a critical discussion of the state of visual studies today how it might move forward and what it might leave behind to evolve in productive ways The contributors are Emmanuel Alloa Nell Andrew Linda Bez Rub Martin A Berger Hans Dam Christensen Isabelle Decobecq Bernhard J Dotzler Johanna Drucker James Elkins Michele Emmer Yolaine Escande Gustav

Howe, Susan E. Cook, 2019-09-06 Representing Kink raises awareness about non normative texts and non normative erotic practices and desires It defines kink broadly encompassing a range of inappropriate texts and understanding it in frequent reference to non normative erotic fantasies and experiences Kink is treated as both a set of practices as well as a category of texts at the nexus of subject and form In addition to canonical texts that take up erotic and marginalized themes the collection also studies forms that are themselves fringe and feature kink taboo literature self published erotica SM narratives fan fiction role playing games and other disavowed texts The purpose of this study is to focus attention on the margins of an already marginalized subject in order to highlight the extent to which non normative textuality and eroticism both shape and are shaped by culture and context It sheds light on a category of subjects that is at once mainstream in the form of texts such as Fifty Shades of Grey and yet nevertheless repeatedly disparaged and undertheorized This book advocates for conversations about kinky texts that transcend dichotomous frameworks of good and bad and normal and deviant thinking instead in new theoretically rigorous and flexible directions **Black Post-Blackness** Margo Natalie Crawford, 2017-05-12 A 2008 cover of The New Yorker featured a much discussed Black Power parody of Michelle and Barack Obama The image put a spotlight on

how easy it is to flatten the Black Power movement as we imagine new types of blackness Margo Natalie Crawford argues that we have misread the Black Arts Movement's call for blackness We have failed to see the movement's anticipation of the new black and post black Black Post Blackness compares the black avant garde of the 1960s and 1970s Black Arts Movement with the most innovative spins of twenty first century black aesthetics Crawford zooms in on the 1970s second wave of the Black Arts Movement and shows the connections between this final wave of the Black Arts movement and the early years of twenty first century black aesthetics She uncovers the circle of black post blackness that pivots on the power of anticipation abstraction mixed media the global South satire public interiority and the fantastic Little Prayer Book, 1522, and A Simple Way to Pray, 1535 Mary Jane Haemig, Eric Lund, 2017-07-17 This volume provides two of Martin Luther's most significant writings on prayer In Little Prayer Book 1522 Luther seeks to reform the theology and practice of prayer in clear and understandable language for all people by encouraging simple direct prayer to God who promises to hear the one who prays Luther focuses on the Ten Commandments Apostles Creed and Lord's Prayer giving his treatment of prayer a catechetical feel that would later provide the structure of his catechisms In A Simple Way to Pray 1535 Luther offers his barber and all other readers insights into his own prayer life He organizes his comments around the seven petitions of the prayer Jesus taught to his disciples He also uses the Ten Commandments and the Apostles Creed as resources for prayer He sets out to kindle a fire in the heart and increase the reader's eagerness for prayer This volume is excerpted from The Annotated Luther series volume 4 Pastoral Writings Each volume and selection in the series contains new introductions extensive annotations illustrations and notes to help shed light on Luther's context and to interpret his writings for today

Gender and Nation in Meiji Japan Jason G. Karlin, 2014-04-30 Gender and Nation in Meiji Japan is a historical analysis of the discourses of nostalgia in late nineteenth and early twentieth century Japan Through an analysis of the experience of rapid social change in Japan's modernization it argues that fads ry k and the desires they express are central to understanding Japanese modernity conceptions of gender and discourses of nationalism In doing so the author uncovers the myth of eternal return that lurks below the surface of Japanese history as an expression of the desire to find meaning amid the chaos and alienation of modern times The Meiji period 1868 1912 was one of rapid change that hastened the process of forgetting The state's aggressive program of modernization required the repression of history and memory However repression merely produced new forms of desire seeking a return to the past with the result that competing or alternative conceptions of the nation haunted the history of modern Japan Rooted in the belief that the nation was a natural and organic entity that predated the rational modern state such conceptions often were responses to modernity that envisioned the nation in opposition to the modern state What these visions of the nation shared was the ironic desire to overcome the modern condition by seeking the timeless past While the condition of their repression was often linked to the modernizing policies of the Meiji state the means for imagining the nation in opposition to the state required the construction of new symbols that

claimed the authority of history and appealed to a rearticulated tradition Through the idiom of gender and nation new reified representations of continuity timelessness and history were fashioned to compensate for the unmooring of inherited practices from the shared locales of everyday life This book examines the intellectual social and cultural factors that contributed to the rapid spread of Western tastes and styles along with the backlash against Westernization that was expressed as a longing for the past By focusing on the expressions of these desires in popular culture and media texts it reveals how the conflation of mother countryside everyday life and history structured representations to naturalize ideologies of gender and nationalism
