feel as though we don't have everything we want or need. It is all too common to feel as though we are going without and to feel that painful sense of longing, wishing that we had more possessions or flicking through magazines and living vicariously through others. Programs like MTV Cribs, magazines about interior décor, and even YouTube room tours seem designed to encourage this envy and desire and leave us feeling increasingly dissatisfied with the things that we own. This is no accident as we will see. When life is tough and we feel bogged down, we often find ourselves thinking that if only we had more, we would be happier. The irony though is that this idea couldn't be further from the truth. The reality is that you actually need less to be happier. By adopting a more minimal lifestyle, you can create more space for yourself, own more attractive items, and get more enjoyment out of the things you already have. Believe it or not, you already have the means to create the kind of home set up that will make your friends and family green with envy. You can own a home just like the ones you have been fawning over, but you do it by getting rid of things, not by adding more in. And what's more is that when you start to realize this mentality is the way forward when you start to remove clutter and appreciate the items you own, you'll find that you actually become much happier as well. This book is going to show you how to make it happen. You're going to see how to create an amazing home that looks like it belongs in a lifestyle magazine while saving time and money. You'll see how to make this into a home that supports the lifestyle that you want and makes your life much easier and more enjoyable. And you'll see how to transform your mindset into one that allows you to be much happier with the things you own. Inside this book, you will learn: How to create a zen space that you can use to unwind and relax. How to take the things you own and start making the most of them. How to sort clutter and create an organized minimal space. How to change your mindset to remove envy and learn to truly appreciate the things you own. How to automate and systemize your life so you spend less time on menial tasks. How to massively reduce stress. How to turn a small home into a luxury pad. How to save money and protect the environment with smart minimal tips. Top tips for creating a beautiful minimal décor. The true meaning of minimalism and how to adopt the ethos into your life.
