Vietnamese Language, Education and Change In and Outside

Vietnam Phan Le Ha, Dat Bao, Joel Windle, 2024-05-21 This open access edited book attempts to break new ground in investigating multiple facets of Vietnamese language education and change in global contexts engaging with global Vietnam through complex lenses of language and education Issues of language globalization and global identities have often been framed through the lens of hierarchical binary power relations and or through a dichotomy between hyper central languages such as English and revisualized or marginalized local language and cultures In this book this dichotomy is turned on its head by considering how Vietnam and Vietnamese are constructed in and outside Vietnam and enacted in global spaces of classrooms textbooks student mobility community engagement curriculum and intercultural contacts Vietnamese is among the world s most spoken languages and is ranked in the top 20th in terms the number of speakers Yet at the same time as a peripheral or southern global language as often seen in the Global North Global South spectrum the dynamics of multilingual and multicultural encounters involving Vietnamese generate distinctive dilemmas and tensions as well as pointing to alternative ways of thinking about global phenomena from a fresh angle Rather than being outside of the global Vietnamese like many other non central global languages is present in diasporas commercial and transnational structures of higher education schooling and in the more conventional settings of primary and secondary school in which visions of culture and language also evoke notions of heritage and tradition as well as bring to the fore deep seated ideological conflicts across time space communities and generations Relevant to students and scholars researching language education identity multiculturalism and their intersections particularly related to Vietnam but also in Southeast Asia and beyond this volume is a pioneering investigation into overlooked contexts and languages from a global southern oriented perspective This book presents an eclectic collection of 15 chapters unified by an interest in developing and teaching the Vietnamese language To my knowledge there has been no previous attempt to make the national language of Vietnam a focus for as many perspectives as are documented in the book In this regard the book makes an original and intriguing contribution to the literature on Vietnamese culture including the culture of Vietnam s expanding diaspora The book is pioneering in the extent to which it draws attention to the many roles played by a national language in a nation s political social and cultural development It also documents the challenges of preserving a national language in settings where it is at risk of being marginalized It is pleasing that so many of the contributing authors are young Vietnamese scholars who can provide a distinctly Vietnamese perspective on concepts and practices of global significance Dr Martin Hayden Emeritus Professor of Higher Education Southern Cross University Australia Vietnamese Language Education and Change In and Outside Vietnam brings together an excellent collection of chapters that highlight the diverse and important but under explored roles Vietnamese language plays in different settings within and outside Vietnam The fifteen chapters of this much needed book provide unique insights into various aspects and meanings of Vietnamese language Collectively the volume contributes to broadening our view about the evolution and transformation of Vietnamese language under the impacts of local national

regional and global forces The book invites readers to engage in a reflective and intersectional approach to rethinking and re-examining our understandings of the changes and developments of Vietnamese language over the history of the country Dr Ly Tran Professor Centre for Research for Educational Impact REDI Deakin University Australia and Founder Australia Vietnam International Education Centre Politics and Poetics of Belonging Mounir Guirat, 2018-04-18 The contributions gathered in this volume bear witness to the fact that belonging is a multi-faceted concept that necessitates different and shifting idioms of expression It continually requires reconsideration and redefinition of our affiliations in response to the rapid social cultural and political changes of our world The literary paradigms linguistic practices and cultural formations of belonging testify to the impossibility of confining it to conventional and established structures of knowledge The different reflections on belonging introduced in this book are instrumental in reassessing and remodelling the general assumptions that have informed its definition and representation The current global reality and the self-other encounter make inevitable the continuous search for new forms of belonging that are in tune with one's evolving and changing sense of self Theoretically informed by and substantially grounded in lively and heated debates on cultural identity and belonging this book proposes new critical directions in understanding national and transnational belonging **The Routledge Handbook of Literacy Studies** Jennifer Rowsell, Kate Pahl, 2015-05-15 The Routledge Handbook of Literacy Studies offers a comprehensive view of the field of language and literacy studies With forty-three chapters reflecting new research from leading scholars in the field the Handbook pushes at the boundaries of existing fields and combines with related fields and disciplines to develop a lens on contemporary scholarship and emergent fields of inquiry The Handbook is divided into eight sections The foundations of literacy studies Space-focused approaches Time-focused approaches Multimodal approaches Digital approaches Hermeneutic approaches Making meaning from the everyday Co-constructing literacies with communities This is the first handbook of literacy studies to recognise new trends and evolving trajectories together with a focus on radical epistemologies of literacy The Routledge Handbook of Literacy Studies is an essential reference for undergraduate and postgraduate students and those researching and working in the areas of applied linguistics and language and literacy **Opening Up Education for Inclusivity Across Digital Economies and Societies** Ordóñez de Pablos, Patricia, Lytras, Miltiadis D., Zhang, Xi, Chui, Kwok Tai, 2019-03-15 The evolution of information technologies mobile devices and social media as well as the needs of students workers and academics have experienced rapid changes in the past several years This complex and dynamic reality requires new forms of delivery of learning content to students the building of special learning environments and new teaching methodologies for academics Opening Up Education for Inclusivity Across Digital Economies and Societies is an essential reference source that aims to foster the international exchange of academic insights and approaches in order to broaden visibility in the development of technology for education establish an international platform for interactions on information technology and application in education accelerate innovation in education technology and
