

A hand holding a pink pen is writing on a form titled "Part B INDIVIDUALIZED EDUCATION PROGRAM". The form contains text about the IEP process, including a definition of the IEP, a statement of the child's present levels of academic achievement and functional performance, and a list of goals. The form is placed on a green background with other papers and a pink folder visible in the background.

## Part B INDIVIDUALIZED EDUCATION PROGRAM

The Individualized Education Program (IEP) is a written document that is developed for each eligible child with a disability. The Part B regulations specify, at 34 CFR §§300.320-300.326, the procedures that school districts must follow to develop, review, and revise the IEP for each child. The document below sets out the IEP content that those regulations require.

A statement of the child's present levels of academic achievement and functional performance including:

- How the child's disability affects the child's involvement and progress in the general education curriculum (i.e., the same curriculum as for nondisabled children) or 34 CFR §§300.320(c)(3)(ii); as appropriate, how the disability affects the child's participation in appropriate activities [34 CFR §300.320(a)(1)].

Measurable annual goals, including academic and functional goals.

Methods that result from the child's disability to enable the child to progress in the general education curriculum.

Other educational needs that result from the child's disability.

Alternate assessment (if the annual goals).
