Il Cammino Di Dike Il Cammino Di Dike:

Il cammino di Dike Anna Jellamo, 2005 **Nomos, Kosmos & Dike in Plutarch** José Ribeiro Ferreira, Delfim F. Leão, Carlos A. Martins de Jesus, 2014-04-01 In September 2002 the University of Coimbra hosted for the first time a conference of the Réseau Thématique Plutarque a research network created by several European universities in order to promote regular annual meetings of junior and senior scholars who share a common interest in Plutarch's work The Coimbra meeting of 2002 was devoted to the fragments of Plutarch and the results of that event were published one year later in a volume edited by José Ribeiro Ferreira and Delfim Leão under the title *Os fragmentos de Plutarco e a recepção da sua obra* Coimbra 2003 During the following years many other universities organized conferences of the Réseau on a rotating basis until the event came back to Coimbra where the Portuguese section of the International Plutarch Society SoPlutarco hosted from 16 to 18 June 2011 the twelfth meeting of the network devoted this time to the subject *Nomos kosmos and dike in Plutarch* The present volume comprises most of the contributions presented during the Coimbra meeting after having been submitted to a process of revision which involved the direct collaboration of the several regional sections of the Réseau Although the volume kept the multilingual diversity of the participants in the conference its structuring elements were composed in English in order to reinforce the coherence of the book and to enlarge the number of potential readers

Hubris and Progress Carlo Bordini, 2019-03-14 This book explores the ancient question of why man seeks to go beyond his limits A presumptuous tendency known by the ancient Greeks as hubris and believed to be punished by the gods it developed from a need for our survival to a habit as humanity has subdued animals dominated nature increased knowledge and sought even to overcome death It also lies behind the crisis of our time as the values of democracy freedom equality and progress have been weakened sacrificed to excess as we live in an eternal present dominated by greed and indifference regarding the future Addressing this crisis of our interregnum period in which faith has been lost in the former certainties of modernity such as science progress and the idea of a better world the author considers whether redemption for humanity might lie in our hubristic tendencies as these give us scope to deviate from the existing path and find new ways forward

The Strength Needed to Enter the Kingdom of God Giuseppe G. Scollo, 2019-04-15 In this work Giuseppe G. Scollo offers a complex understanding of the phenomenon of violence through an in depth study of Luke 16:16 allowing for the possibility of a positive link between violence and love *The ›Certamen Homeri et Hesiodi‹* Paola Bassino, 2018-12-03 This book provides a comprehensive study of the *Certamen Homeri et Hesiodi* an influential ancient Greek text that narrates the lives of Homer and Hesiod and their legendary poetic contest It offers new perspectives on the nature uses and legacy of the text and its tale of literary competition Located within a recent trend in scholarship that treats ancient biographies as modes of literary reception the first chapter discusses how for authors throughout antiquity and beyond staging an imaginary competition between Homer and Hesiod was an adaptable and flexible way to convey a diverse range of speculations on epic

poetry The study of the manuscript tradition reassesses the relationships between the text of the Certamen preserved in its entirety in one single manuscript and a small number of fragmentary witnesses on papyrus It also presents new textual evidence demonstrating the success and circulation of the text in the Renaissance and a new critical edition with translation The commentary focuses on how the text characterises the two poets and encourages reflection on their respective wisdom aesthetic and ethical values divine inspiration and Panhellenic appeal It also addresses the role of Alcidas as a source for the Certamen and identifies other sophistic influences

The Right to Vegetarianism Carlo Prisco, 2016-12-07 This book argues that vegetarian and vegan people should be guaranteed the right to eat according to their beliefs The author claims that the right to vegetarianism is backed by the human and civil rights recognized in the constitutions of several nations The first half of the book is based on the history of the main philosophical issues involved in eating plant food from Pythagoras to Francione while the second part is intended to compare different western legal systems and their report with human and animal rights The Right to Vegetarianism represents a cross between animal and human rights and also serves as a proposal to support veganism from a different approach not just as an animal right not yet recognized by the law but also as a human right already enforced by the law

Law, Literature and Legal Counterfactuals Alexandra Juster, 2025-11-01 Based on the long established American law and literature movement the interdisciplinary research field of law and literature is also beginning to hesitantly establish itself in Europe The German Collaborative Research Centre SFB 1385 Law and Literature has provided an important impetus for this development The present work builds on the latter and aims to develop a contrastive interdisciplinary research method legal counterfactual that claims to offer a methodological basis for the further development of the young research field of law and literature The particular focus herein is on law in literature An overview of the heterogeneous research approaches in Italy France Belgium and Germany is first provided Thereafter the focus shifts to a theoretical examination of the methodological concepts of interdisciplinarity and counterfactuality on the one hand and the specific approaches to the text namely discourse and hermeneutics on the other Based on these theoretical building blocks the dividing lines between legal and literary studies are drawn in the first step to identify the resulting intersections in the second step the written text as a common working basis on the one hand and hermeneutics and discourse as a means of analysing texts on the other The legal discourse in the texts is methodically extracted and contrasted with the real world legal texts in a juxtaposing manner The aim of this counterfactual contrast is to determine the degree of correspondence between diegetic and real law To consolidate this method of legal counterfactuals five works of contemporary literature are tested and demonstrated in practice

Il lascito di Atena. Funzioni, strumenti ed esiti della controversia giuridica AA. VV., 2012-01-10T00:00:00+01:00 503 11 Il cammino al vero è un'esperienza Luigi

Giussani, 2012-02-17 raccoglie i tre scritti che diedero prima forma a ciò che si viveva agli inizi del movimento di Comunione e Liberazione allora detto Gioventù Studentesca. Quelli insieme a ciò di riflessioni e di elaborazioni che don Luigi Giussani andava sviluppando a partire appunto dalla sua esperienza di uomo e di cristiano. Queste pagine presentano in nuce il metodo al quale Giussani non venne mai meno: il pensiero non può essere disgiunto dall'appartenenza esistenziale all'avvenimento cristiano. Fondamentale dunque comprendere in che modo la tradizione possa rivivere nel presente per le generazioni più giovani. Un libro nel quale vengono espressi in maniera organica i fondamenti di un grande progetto di vita condiviso che nella vivace e ricca storia del movimento in cui si incarnato non ha mai perso di vista i giudizi e le intuizioni di partenza.

Transcurrir y recorrer Diana Segarra Crespo, 2003 Para el agricultor los girasoles son como Pl y ades que se extienden a sus pies en la tierra desempeñando un papel calendarial paralelo al de aquellas estrellas pues le indican las horas girando al compás del sol es decir describiendo un movimiento en el espacio que define y se al mismo tiempo el tiempo Para nosotros el tiempo transcurre y el espacio se recorre pero en el mundo el tiempo y el espacio son creaciones culturales que forman un binomio indisoluble. Nuestro Primer Seminario Hispano Italiano de Historia de las Religiones no consiste en el análisis de un Tiempo y de un Espacio abstractos sino en el de una serie de casos en los que se pudiesen individuar a través de los mecanismos propios de las religiones del mundo el tiempo y los medios de que disponían los hombres para controlar apropiarse y ordenar el espacio y el tiempo

La saggezza dionisiaca come sapere della superficie Antonio Valentini, 2021-03-04T00:00:00+01:00 Obiettivo del libro mostrare come la figura concettuale del tragico in quanto espressione di un autentico sapere della superficie possa essere fruttuosamente ricompresa mettendola in relazione con la riflessione che il giovane Nietzsche sviluppa nella Nascita della tragedia intorno all'antico Coro dei Satiri. Agli occhi del Satiro infatti l'apparenza diventa l'orizzonte di manifestatività di una verità che esige di essere pensata non già come pieno svelamento del nascosto ma piuttosto come transito infinito del senso come indefinita apertura al significare. Da questo punto di vista la saggezza incarnata dal Satiro consiste nella capacità di ravvisare in ogni dato fenomenico un vero e proprio enigma e per ciò stesso una soglia all'accadere di una distanza che occorre imparare ad abitare con la sperimentante prodezza dello sguardo più acuto

Eschilo, l'enigma dell'aquila assassina Salvatore Parlagreco, 2024-01-12 Aprire un fascicolo a carico di ignoti sulla morte di Eschilo di Eleusi avvenuta nel 456 a.C. come usa oggi la magistratura inquirente su un cold case un

artificio forse una stramberia non per questo immotivata scrive Salvatore Parlagreco In questa sua strabiliante avventura narrativa ritagliandosi uno spazio di scrittura inedito al confine tra la fiction l'indagine giornalistica e il saggio storico letterario l'autore conduce il lettore nei meandri di una vicenda troppo frettolosamente affidata in mancanza di fonti affidabili all'aneddotica fantasiosa Eschilo ha vissuto a Gela per tre anni prima della sua morte avvenuta nel 456 a C La leggenda narra che morì a causa dell'attacco accidentale di un aquila che avrebbe scagliato una tartaruga sul suo capo calvo credendo che fosse una pietra per romperne il guscio La morte di Eschilo stata vista come una punizione divina poichè l'aquila era associata a Zeus e la tartaruga a Hermes Nonostante le fonti primarie siano scarse e possano aver subito l'effetto distorto di schemi narrativi rigidamente codificati in chiave mitologica l'aneddoto diventato una leggenda storica Esistono anche un epitaffio e il responso di un oracolo che indicano la causa della morte di Eschilo come proveniente dal cielo

Il dolce amaro mistero. La via del ritorno alla patria dello spirito Mario Marino, 2001

All'ombra del Principe Attilio Danese, 2019-02-26T00:00:00+01:00

Postfazione di Flavio Felice Nel corso della storia pur cambiando i sistemi la vita politica divenuta sempre più complessa Con Machiavelli si liberata dalla retorica e dal moralismo e ha rinunciato a darsi una direzione etica per divenire una scienza autonoma La lettura gramsciana del Principe nelle fasi postbellica post 89 e ancora oggi ha dato spessore culturale alla conquista e al mantenimento del potere ma in mancanza di una bussola di orientamento i diversi leader e i partiti nei sistemi democratici hanno finito con l'assecondare rivendicazioni e desideri dei cittadini Ha prevalso l'esaltazione del consenso ad ogni costo e di conseguenza il conflitto tra le parti e la decomposizione del tessuto solidale L'opposizione del popolo alla casta ha favorito neopopulismo e sovranismo e sollecitato la trasformazione della democrazia rappresentativa nell'utopia della democrazia diretta in cui il popolo detta le scelte attraverso i social in assenza di principi regolativi condivisi

Iustitia. Cronaca di una morte annunciata Luca D'Auria, 2020-06-04

Il mondo della contemporaneità si trova davanti a una sfida epocale La scelta quella se respingere le tentazioni offerte dalla tecnologia e dalle diverse forme di intelligenza artificiale o aprirsi al nuovo patto con la modernità Le scienze cognitive sembrano suggerire che il cervello umano una macchina che difficilmente può dirsi libera L'intelligenza artificiale può risultare l'alleato vincente per assicurare le decisioni migliori Altri settori decisivi della cognizione umana come la medicina paiono più pronti ad allearsi con le nuove istanze tecniche rispetto al campo della giustizia In questo saggio l'autore avvocato penalista tratta il rapporto tra diritto giustizia neuroscienze e intelligenza artificiale
