**Global Business Model Shift** Umberto Lago, 2024-08-24 This book takes the readers on a profound exploration of global business transformation through the lens of the RenDanHeYi RDHY business model It discusses the complexities of implementing RDHY beyond China and navigating cultural regulatory and organizational intricacies It helps uncover the pragmatic and outcome oriented nature of RDHY with a focus on aligning core values for sustainable success Using a multidimensional analysis the author reveals hidden layers of values philosophies and principles that underpin successful business models For leaders and managers navigating the challenges of genuine transformation this resource offers a comprehensive roadmap transcending surface level changes to foster authentic and enduring success in the dynamic landscape of global business innovation

**Zero Distance** Danah Zohar, 2021-12-10 This open access book offers a new management meta theory to replace Taylorism It presents a new paradigm in management thinking and a new practical organizational model for implementing it in our personal and working lives in our companies in our communities and nations and in a sustainable global order It will offer an understanding of why and how thinking as usual is failing both business and political leaders in these new times and it will advocate new thinking and new management practices that are so radically new that they turn everything we have taken for granted inside out and upside down This new management model is called Quantum Management Theory because it is rooted in the new paradigm bequeathed to us by quantum physics and its younger sibling complexity science
